

Oren Sason

Durham, United Kingdom | U.S. Citizen

+44 7584 488005 | orensason.u@gmail.com

EDUCATION

Durham University — BEng Mechanical Engineering

Expected 2027

Relevant technical areas: solid mechanics, thermodynamics, electrical systems, engineering practice, circuit simulation.

Columbia Business School – Venture for All | 2023

Entrepreneurship and innovation program.

King's College London – STEM Summer School | 2022

Digital logic, robotics, AI fundamentals, microprocessors, medical 3D design.

TECHNICAL SKILLS

Programming: C++, basic scientific computing

Engineering Software: **LTspice**, **MATLAB**, **CAD**

Methods: circuit simulation, nonlinear system modeling, technical analysis, report writing

Security & Analysis: open-source intelligence fundamentals, geopolitical research

PROJECTS

Chua Chaotic Oscillator Simulation (LTspice) | 2025

- Modeled nonlinear electronic circuit behavior and chaotic dynamics.
 - Analyzed simulation outputs and documented system stability characteristics.
-

EXPERIENCE

Research Analyst — Durham Diplomatic Society | Oct 2025–Present

- Research geopolitical and security developments across Europe and the Middle East.
- Produce written intelligence-style summaries for weekly publication (~3,000 readers).
- Collaborate within a 40-member analytical team.

Engineering Intern — CAVO Automotive | Jul–Aug 2023

- Assisted engineers with machinery assembly, maintenance, and quality control.
- Supported production measurements and technical documentation.

Board Member & Education Lead — YSK Jewish Youth Organization | 2023–2024

- Organized educational programs on history, business, and environmental topics.
 - Contributed to planning of memorial exhibition and youth engagement initiatives.
-

TRAINING & CERTIFICATIONS

- Counterintelligence Awareness Training — U.S. Department of Defense (2025)
 - Counterintelligence Reporting Course — U.S. Department of Defense (2025)
 - Nuclear Security Threats & Risks — IAEA (2025)
 - IAEA Safeguards Fundamentals — IAEA (2025)
 - OSINT Foundations — ALCON Intelligence (2025)
-

PROFESSIONAL AFFILIATIONS

Royal Aeronautical Society
Institution of Engineering and Technology
Durham Union

LANGUAGES

English (Fluent) | Turkish (Fluent) | Spanish (Basic)
